(For the ROUNDABOUT.)
October.

The crimson leaves are falling, lightly falling.
The hazy Indian Summer draweth nigh;
My red bird, too, is calling, faintly calling.
From out some hidden covert—"sweet good-bye!"

The valleys touched with tints of brown and golden.
The landscape lovely in its autumn dress.
All hearts responding to sweet memories olden.
That come with tender paths in a month like this.

Bright visions of the woodland with its "shell-bark" treasures.
The woodland of Kentucky, none other half so dear,
To those of us who look back to past pleasures—
And live them over when October's here—
—day in fleecy whiteness, cotton fields are trying
To shane the snowy "cloud caps" floating by,
To grandly then the autumn days are dying
Beneath the glory of a Southern sky.

Too much "booze" under the belts of a great many as they came from Frankfort on last county court day. It reminded one of the stentorian war whoop of the savage Red man of the forest. Such conduct ought to be suppressed on the public highway.

Of Leroy, N. Y., was dying of Neuralgia of the Heart. The attending physician had made his last visit and said there was no possible chance of her living but a few hours. Her son had been telegraphed for from Rochester to come and see her die. At this critical moment an agent selling Dr. Hale's Household Ointment called at the house and told them the lady need not die at that time if she would follow his directions. He was so earnest and positive that the family concluded to try the new remedy and began applying it at once to the region about the heart; the pain soon ceased and Mrs. Carswell rapidly recovered and is alive and well to day, and she and all her family says Dr. Hale's Household Ointment saved her. This wonderful medicine can be had at Phil. Carpenter's drug store, South Side.

CLOSE OBSERVER.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 27, 1889

A LEVEL HEAD.

The Advantage of Presence of Mind in an Emergency.

During the late strike on the New York Central Railroad the militia were ordered to be in readiness in case of a riot, but they were not called out.

In an interview, Gov. Hill said the troops were not to be called upon except in case of an emergency. The emergency had not arisen, therefore they would not be ordered out. He remarked that this was the first great strike with which he had had experience, and he did not propose to loose his head; the only point at which there had then been serious trouble was at Syracuse, and there a deputy-sheriff had lost his head and precipitated an encounter.

The strike continued several weeks, and there was riotous action at various points along the road, but the civil authorities were able to cope with it without calling on the militia.

The test of man's real ability comes when an emergency arises which makes a hasty call on his good judgment and discretion. The man who retires his presence of mind, maintaining his equanimity and exercising sound discretion at such critical junctures, is to be relied on and will be put to the front.

Men with level heads have the staying qualities which do not falter in the face of danger. Otis A. Cole, of Kinsman, O., June 19, 1890, writes: "In the fall of 1888 I was feeling very ill. I consulted a doctor and he said I had Bright's disease of the kidneys and that he would not stand in my shoes for the State of Ohio." But he did not loose courage or give up; he says: "I saw the testimonial of Mr. John Coleman, 109 Gregory street, New Haven, Conn., and I wrote to him. In due time I received an answer, stating that the testimonial that he gave was genuine and not ever-drawn in any particular. I took a good many bottles of Warner's Safe Cure; have not taken any for one year."

Gov. Hill is accounted a very successful man; he is cool and calculating and belongs to the class that do not lose their heads when emergencies arise.

Two Bottles Cured Her.

CARROLL, La., July 1898.

I was suffering 10 years from shocks in my head, so much so, that at times I didn't expect to recover. I took medicines from many doctors, but didn't get any relief until I took Pastor Koenig's Nerve Tonic. The second dose cured me. I am now well and happy.

The prayer-meeting at Mr. Crutcher's on Saturday evening was well attended and much enjoyed. It was led by Rev. Henderson of the Methodist Church.

The next social prayer-meeting will be held at the home Mrs. Mary L. Todd, Lake Park. All are invited.

MARRIED.

At the residence of Capt. L. D. Holloway and wife by Rev. George Davis, Wednesday, Dec. 18, 1890, Dr. JOHN G. BERRYETT, of Frankfort, Kentucky, and Mrs. MARIAN B. OSAN, of Crofton, Shelby county.

DIED.

In this city, on Saturday, October 13, 1890, at the residence of her mother, Mrs. Margaret Graham, Mrs. GEORGIA CLARK, of Guthrie, Ky., after a lingering illness of several months, aged 52 years.

Toga.

Victor Bohannon is teaching in district No. 7.

Commissioner Barnett, of Shelbyville, was visiting the schools in Jacksontonville and Graves district last week.

George and Lewis Harp were in town Thursday on business.

C. B. Harp, Constable Harlow, E. J. Harlow and sons, Wes. and Ed. munda, were in Frankfort Wednesday.

Wesley Harlow in aiming to pass a horse a few days ago, was kicked by the horse some two or three times, but fortunately escaped without receiving any very serious injuries.

While John Harlow, living on Grub Ridge, was engaged in loading a sawlog on a wagon, the skid broke, causing the log to fall on his leg, breaking it in two places. At this date he was suffering intensely.

A very charming and quiet little wedding occurred in our adjoining neighborhood on Wednesday evening. The contracting parties were Mr. Herbert Smith and Miss Jennie Warfield. Miss Jennie had made her home with Mr. Cornelius Demaree for a number of years, and her choice not meeting with Demaree's approval, she (Demaree) determined that they should not marry in his house, consequently Smith drove to Demaree's residence Tuesday evening, informing Miss Jennie of his intentions, when she got in the buggy with him and drove over to Mr. Lee Cook's, below Jacksonville, and early Wednesday morning Smith and Miss Jennie drove to Shelbyville where Clerk Doss issued the necessary document, and returned to Lee Cook's, where Rev. W. Frank Clark was in waiting for them, and at 5 p. m. the ceremony was performed by Rev. Clark in a very beautiful and impressive manner. The bride is a beautiful and attractive young lady, and while in her presence the hours glide by too swiftly. The groom is a very industrious and promising young man, and we would judge from his physical make-up as being capable of making them a handsome living. We close by wishing for them conubial happiness. CATCHUM.

A Pair of Jacks.

The following notice of the farce comedy, "A Pair of Jacks," is from the St. Louis Republic. The play will be at the Opera House next Tuesday evening.

If one wants to see a funnier musical farce comedy than H. Grattan Donnelly's "A Pair of Jacks," which opened at Pope's yesterday afternoon, he will have to travel far to find it. At least that is the verdict of the throngs of people who attended the afternoon and evening performances. Hundreds were turned away, unable to find seats or standing room. "A Pair of Jacks" has a plot or a framework arising out of the mistaken identity of Judge and Dr. Jack; but after all, this framework does not make much difference.

brings about amusing situations, complications, and admits of introduction of bright specialties the company much can be seen. Deserves mention for almost member composing it, and is stronger than the one which man, the play a success on its initial production here at the close of the last season. R. G. Knowles, the Judge Jack, is still the central figure, and is better than ever. Several of his specialties are new. The Dr. Jack is in the hands of Al W. Filson, and he handles it in a manner which is highly acceptable. He also has several specialties which receive pronounced scores. Harry C. Stanley, as Prof. Queer, the alderman, does well in his general work, and has a fine piece of business in his musical specialties. Miss Jennie Suterlee is as amusing as ever. Mr. W. M. Armstrong in his singing is, if anything, a great improvement on young Witmark of last year. His "Bridal Song" made a great hit. Misses Winifred Johnson, Nina Heyward, Lee Erroll and others are all up to the mark.

An Attack of Apoplexy.

Mr. and Mrs. Dr. E. H. Rutherford were summoned to Danville by telegram Monday to attend the bedside of Mrs. Young. Mrs. Rutherford's mother, who had an attack of apoplexy, Mrs. Young is 75 years of age, was the wife of President John C. Young of Centre College, and a daughter of John J. Crittenden. Paris Record.

A Fortunate Woman.

Mrs. Mary L. Baker, of Ovid, Mich., has reason to be very thankful. She was a great sufferer from heart disease for years. Was short of breath, had hungry spells, pain in side, fluttering, faintness, etc. After taking two bottles of Dr. Miles' New Heart Cure, she says, "I am better than for 20 years. My mind and eyesight have improved wonderfully. I advise all persons thus afflicted to use this great remedy." J. W. Gayle, druggist, recommends and guarantees it. Dr. Miles' work on Heart Disease, containing marvelous testimonials, free.

Fine Fuzzy Furs

At Weitzel & O'Donnell's. Tastefully arranged so the public can see the goods to the best advantage. The fur display is something unparalleled in the annals of Frankfort. The skins of rare beasts, from every fur yielding country, are exhibited in every shape designed for practical utility. There are fur wraps in every conceivable fashionable skin and pattern, from the long seal skin ulster, worth \$450, the magnificent sable cloak, worth \$250, the long fur-lined circulars, to the merest bit of fur that could be converted into a collarette. The capes, the fashionable necessities of the season, are coveted by every feminine soul with aspirations toward the beautiful. A poem in white fur is the satin lined thibet cape with inserted vest of soft gray mufion. A majority of the importations show two kinds of fur. There are the combination seal jackets with fronts and flaming collars of black Persian lamb; there is the charming gray krimmer cape with pin head Persian medici collar and vest; black thibet capes with beaver fronts, Astrakan capes with wool, seal puffs and large roll collar, and all other imaginable combinations. There are boas, muffs and collarettes; there are purses showing a very realistic head of the animal whose hide is therein sacrificed, and there is every other novelty in fur on record. The skins of the magnificent Bengal tigers, grizzly and black bears, black Russian wolf, our own grey mountain wolf, wolverines, mountain cat, lynx, leopards, ounce, red fox, cross fox and the Mongolian tiger, both mounted and unmounted, are swung around the entire establishment, the glaring eyes and the yawning mouths giving little folks a very "creepy" feeling indeed. One splendid Bengal tiger skin sells for \$755 unmounted and \$200 mounted. All these furry wonders are courtously and intelligently exhibited to guests or customers by two gentlemen thoroughly au fait in all the technicalities of fur, Messrs. Tischler and Webber of the Cincinnati firm of Rendigs, Davila and Co. Especial attention is called to the Davilaon patent elastic fly. No seal skin garment is complete without one. It has only to be seen to be appreciated.

FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky, as second-class matter, March 1, 1890.

GEO. A. LEWIS, Editor and Publisher.

FRANKFORT, OCTOBER 18, 1890.

Send Him Samples, Joe.

A newspaper clipping advertising the celebrated Mexican bugs, which are warranted to clear a garden of weeds in a week's time, and not touch any vegetable except red pepper," is sent us by Mr. Ellis Stephenson, a florist of Burnside, Ky., who adds:

"I enclose an article cut from the *Frankfort Roundabout*, Frankfort, Ky. I would like to see the 'writers,' but don't expect to invest in them, preferring to use industry and a sharp hoe instead."

How any newspaper man with any common sense whatever can express belief in any such absurdity is one of those deep, dark mysteries which will probably never be revealed. We should like to get hold of an insect, which would kill off the fool-editors. If we could we would turn some active specimens loose in the vicinity of Frankfort. *The American Florist*, Chicago, Sept. 15.

Ah, old man, "there are stranger things between heaven and earth than you ever dreamed of" in Chicago. You have evidently never read of monkeys being trained to work in the hemp fields of Kentucky. No Mexican weed bugs? Why, man alive, just write to Col. Joe C. Bailey, Circuit Clerk of Woodford county, Versailles, Ky., and you will receive samples by return mail. They are the greatest insects ever discovered. Just what you are anxious to find, for they are warranted to kill "fool-editors" on sight. We do not need them for that purpose down here, as all of that variety of newspaper men have left the State, since their introduction, and located in Chicago, and the most blooming specimen of an all-around, full-grown, dead-ripe and gone-to seed ungrateful fool we have ever heard of is now engaged upon the *American Florist*.

Go build yourself a cage, old boy, and get ready to be put on exhibition at the World's Fair as a man whose intellect is so very dense that he is unable to recognize a joke unless it has a large-sized diagram attached or it is fired into his brain with a charge of dynamite.

A Surprise Wedding.

Capt. L. D. Holloway and wife sent out the following invitation last week, to a number of their friends:

You are cordially invited to take lunch with us on Wednesday, Oct. 15, 1890, from 4 to 6 p. m., sharp, and witness a ceremony which we will, by request, keep secret until the 15th. Ceremony by Rev. George Darsie at 4 p. m., sharp.

Respectfully, &c.,
L. D. HOLLOWAY AND WIFE.

As a consequence, at 4 o'clock on Wednesday afternoon, the parlor of their residence, on the corner of Clinton and High streets, was filled with invited guests. Promptly at that hour a bridal party, composed of Dr. J. G. Berchett, of Richmond, Virginia, and Mrs. M. B. Onan, of Croppers, Shelby county, with Capt. L. D. Holloway and wife and Mr. Jerry H. Reynolds and Mrs. Ida Burnett as attendants, entered the room and arranged themselves before Rev. George Darsie, of the Christian Church, who in a very impressive manner proceeded to make the first married couple man and wife. After congratulations the entire company invited out to partake of an elegant supper, gotten up in a style for high Capt. Holloway and his estimable lady are famous of which every partook bountifully, and still the big groomed under its weight of odd things.

On leaving the table Dr. Berchett and bride repaired to the L. & N. depot and took the C & O train for a trip to Richmond, Virginia, and other aspen cities, followed by the best wishes of the entire company. The bride is a niece of Mrs. Holloway and an accomplished lady who has made quite a large circle of friends during her brief residence in this city, while the groom has been a practicing physician in the northern part of this county for the past two years.

Keyes-Markham.

The marriage of Mr. Frank W. Keyes and Miss Bessie Markham took place Tuesday afternoon at the residence of the bride's brother-in-law, C. B. Chinn, in South Frankfort, in the presence of the immediate family.

left on the 2:30 train for Louisville and will probably go east from there. The bride is a very popular young lady in this community, where she was born and raised, while the groom is a rising young druggist, who has made a host of friends during his residence of four or five years in this city. They bore with them on their bridal trip the best wishes of our entire community for their future happiness.

A Nice Lot.

Mr. J. Russell Hawkins, jr., of this county, has left upon our table the nicest lot of six sweet potatoes we have seen this season. Five of them grew in the same hill, were all joined to the same root, and the bunch weighed six and a half pounds. The sixth one measured 21 inches in circumference and weighed four pounds. Who can beat them?

Exterminate Them, Boys.

The small boy and his air gun is not such a nuisance after all, as he is waging war against the pestiferous English sparrow. If they will only exterminate the little pests the man who invented the gun will not have lived in vain. We saw one little fellow this week with a string of sparrows eighteen inches long which had fallen victims to his deadly aim.

Series of Entertainments.

The ladies of Ascension Church Guild will begin a series of entertainments for the benefit of their Church at the residence of Major J. A. Grant, on Broadway, next Wednesday evening, the 22d. The entertainments will consist of music and magic lantern slides, and refreshments will be served each evening. This is something new and will prove very interesting. Don't fail to go to Maj. Grant's on Wednesday evening at 8 o'clock.

Lieutenant Colonel Graham.

The election held on Saturday night by the companies composing the Second Regiment, Kentucky State Guard, to select field officers for the regiment, resulted in the election of Capt. E. H. Gaither, of Harrodsburg, as Colonel; Capt. C. Gran. Graham, of this city, as Lieutenant Colonel, and Captain Hall, of Falmouth, as Major. Corporal Howard Gaines, of the Johnson Guards, will be appointed Adjutant of the Regiment by Col. Gaither.

A Lexington Wedding.

Cards are out for the wedding of Miss Annie Baker and Mr. Jesse N. Hawkins, of the firm of Taylor & Hawkins, at Broadway Christian Church, Wednesday, October 22, at 3 o'clock. The ceremony will be performed by Elder J. W. McGarvey, who on the same day, twenty-three years previous, spoke the words that made the now known-eyed bride and father and mother man and wife. After a short bridal tour they will return to Lexington and board with Mr. and Mrs. Virgil McCleure. *Lexington Transcript*.

The bride is a young lady who has many friends and relatives in this city, where she has frequently visited her cousin, Mrs. Geo. A. Lewis.

They Have Moved In.

Messrs. Crutcher & Starks transferred their stock to their new and handsome store room on Thursday, and are now ready to receive their friends. The store-room is the finest in the city, handsomely fitted up and exceedingly inviting in appearance. The large show windows, when neatly decorated, will be great advertisements. The house is brilliantly illuminated on each floor with electric lights and gas, and purchases can be made at night and goods as readily examined as in daylight.

The formal opening of the store will take place this morning at 10 o'clock, but the grand opening will come off Monday morning.

Meeting of Presbytery.

The session of Elmhurst Presbytery, which convened at the First Presbyterian Church Monday afternoon, at 3 o'clock, was of short duration, as the body adjourned the next morning, before noon, after transacting some routine business. Monday evening, at 7:30 o'clock, Rev. John S. Hays, D. D., of Maysville, former pastor of the First Presbyterian Church, preached a very interesting sermon to a large congregation. For the past five or six years Dr. Hays has been totally blind, and his many old friends here were very much gratified to see him look so well and hale.

Not Losing.

Let our watch-keepers be careful. How do the citizens of Frankfort like that? The Transcript would not lose a watch-word for Frankfort. "On to Lexington." Since it is pretty generally conceded that the State will make this city her future headquarters, Frankfort people might take time by the forelock and move up before Louisville throws her tentacles after her and appropriates the little capital to her uses. *Lexington Transcript*.

What newspapers say about the Capital removal is not disturbing the rest of the citizens of Frankfort. If the Transcript man can increase the sale of his paper by trying to make the people of Lexington believe that she is to be the State Capital—and the chances are about even with those of the editor of the Transcript of being translated to heaven—Frankfort don't object. We will hardly move up yet awhile, as the State will still continue business at the old stand for years to come.

A New Train.

An additional train on the Kentucky Midland is in contemplation by the management of that road, to run from Paris to Georgetown and connect with the Louisville Southern, so as to give the people of Paris and vicinity an early morning train into Louisville. It will probably be put in a short time. The Midland is now selling tickets to all points in the United States, at its office in this city.

Escaped From the Work-House.

On Tuesday night, Henry Caldwell, alias White, the ex-convict who was arrested several weeks ago as a suspicious character, a lot of dynamite and fuse being found in his satchel, and sent to the work-house, and "Dr." Jason Little, also an ex-convict, who was also serving a term in the work-house, made their escape from that institution by cutting a hole in the wall, and are now at large.

Must Pay the Deficit.

The Court of Appeals, on Thursday, affirmed the decision of the lower court in the case of Hiram Berry vs. Commonwealth. This was a suit upon the bond of E. O. Hawkins, late Sheriff of this county, for the revenue due for the year 1882. The Commonwealth was awarded a judgment for \$3,800, which Mr. Berry, who was a surety on the bond, will have to pay.

Sons of the Revolution.

FRANKFORT ROUNDABOUT
FRANKFORT, OCTOBER 18, 1890.

Getting in His Work.
"Many Voters" is now very busy bringing out candidates for Councilmen. "Many" is a bully boy, and is generally very unanimous in his calls.

Circuit Court.
The full term of Circuit Court convenes in this city on Monday, with a very light civil docket and only three criminal cases to be tried at this term. It is probable that the court will not be in session more than a week.

New Postmaster at Benson.
Rev. L. P. Hulet has been appointed postmaster at Benson, to succeed Mr. Ed. Coleman, resigned.

Late New York Papers.
Mr. J. W. Gayle kept us supplied with files of late New York papers during his stay in that city, for which we return thanks.

Bought a Filly.
Mr. Geo. B. Hays bought at W. T. Woodard's sale, in Lexington, on Monday, a bay yearling filly by Inquirer, dam Baize, for \$160.

Frost.
We had the first heavy frost of the season, in this section, on Wednesday morning. But little damage was done to tender vegetation, however.

Unterstützungs Vereins.
There will be a meeting of our German citizens at Sower's Hall to-morrow evening, at 7:30 o'clock, for the purpose of organizing a German Aid Society. Every German in the city is invited to be present.

Excursion from Louisville.
The L. & N. Railroad will run an excursion train from Louisville to this city to-day to give all who wish to come a chance to see the Constitutional Convention in session. The train leaves Louisville at 8 a. m. and will arrive here about 11 o'clock. Returning it will leave here at 4:30. A large number of the pupils and teachers of the public schools will probably come up with the party.

Is Life Worth Living.
This is a question that would be answered very differently by different individuals. To some living is a pure enjoyment, to others life is a burden. To a man or woman who never feels well, who arises in the morning unrefreshed, with a tired, languid feeling, life is indeed burdensome. This is the result of a torpid liver, inactive condition of the kidneys, a foul stomach, &c. This condition can all be quickly changed and life made happy by the use of the new remedy—Dr. Hale's Household Tea, the great blood purifier and nerve tonic. It cures all biliousness, constipation, inaction of the liver and kidneys and makes a person feel new. 50 cent packages at Phil. Carpenter's drug store, South Side.

I have found out a gift for my fair. It is not a ring of gold, nor flowers for her hair, nor pearls for her white neck, but Salvation Oil for her sore throat. She's a singing bird.

In all large communities persons are taking an increased interest in property insurance, and perhaps for that very reason are insuring their lives by using Dr. Bull's Cough Syrup, when they are first attacked with a cough or cold.

Council Proceedings.
President Smith and all the members of the Council present, except Councilman Mangum.
The minutes of the last meeting were read and approved.

Mr. John W. Bohannon appeared before the Council with a petition from the citizens of Shelby street, praying that two gas lamps be placed on said street. Referred to gas committee.
Petition of Mrs. A. E. Ballow, for liquor and grocery licenses at the old stand of Mr. James Burns. Granted.
Petition of Mr. W. L. Crutcher, asking a rebate on his butcher wagon license. Referred to license committee.

Petition of Mrs. A. C. Heller, asking that her butcher shop license be transferred to her son, Mr. John Heller. Granted.
Petition of Mrs. Harecourt, to be allowed to erect four cottages on the corner of Mero street and Catfish alley. Granted.
Petition of Pompey Taylor, asking to be released from the work-house. Granted.

Petition of C. E. Noonan for a bar-room license on Main street. Granted.
Petition of Morgan Brawner to be released from a fine. On motion of Councilman Wakefield, he was released from the fine on payment of the cost.

Petition of citizens on Leestown pike asking that a plank walk be built to city limits. Referred to street committee.
A resolution to appropriate \$250 in aid of the Soldiers Home, to be located at the Kentucky Military Institute, was referred to the finance committee.

The finance committee was empowered to borrow \$5,000 from the Branch Bank of Kentucky, and the Mayor was instructed to sign the paper.
The report of the street committee in relation to the sewer just completed by Mr. J. V. Downey, was read and the clerk was directed to draw his warrant for the balance due Mr. Downey.

On motion of Mr. Haly, the city attorney was instructed to take action in looking to the procuring of the Kentucky Midland bonds.
The gas company asked permission to run an electric light wire across the St. Clair street bridge to South Frankfort. The matter was referred to the gas and bridge committees.

The report of officers for the month of September were received and filed. The accounts were then allowed.
The street committee and city attorney were directed to report as to what had been done on the street repairs.

The Council then adjourned to meet Tuesday evening, October 28.

Good Advice.
Several years ago I was covered with Boils to such an extent that my life was a misery. After trying a number of other remedies without any benefit, I was advised by a wholesale druggist at Columbus to try S. S. S. (Swift's Specific). One bottle of S. S. S. cured me entirely. I have not had a Boil since. To those afflicted with Boils or Skin Eruptions I give the same advice my wholesale druggist gave me—take S. S. S.

The Eminent Specialist, formerly resident Physician of the Philadelphia General Hospital, Physician in charge of the Ohio Medical Institute, Cincinnati, Ohio, has for twenty five years successfully devoted his time to the treatment of his specialties. He successfully treats all curable cases of Chronic and Nervous Diseases. His treatment is based on the largest experience after thorough educational preparation.

Rheumatism is essentially a disease of the nervous system, as all late investigations have proved beyond a doubt, testing shows that there are many cases of it with chronic rheumatism in the joints and heart affections resulting from rheumatism.
Bright's Disease of the Kidneys is the result of failure of the organs to perform their duty. It is a disease of the blood, and the use of the most powerful medicine is required to cure it.
Disease of the Digestive Organs are the most frequent causes of the above diseases. Indigestion, Liver trouble, Constipation, and other ailments, all lead to the formation of poisons, which enter the blood and cause the various diseases mentioned above. Early interference is the only remedy.

Young Men, who are rapidly approaching maturity and who are afflicted with the above diseases, should be careful to get the best medical advice. These diseases are the result of disordered action of the organs of the body, and the use of the most powerful medicine is required to cure them. Do not waste your money and health.

Private Diseases, Gonorrhea, Syphilis, etc., are the most common diseases of the blood, and the use of the most powerful medicine is required to cure them. Do not waste your money and health.

Epilepsy or Fits—This phenomenon of the human mind is the result of disease of the brain, and the use of the most powerful medicine is required to cure it. Do not waste your money and health.

Every person consulting us should bring or send for to the offices of the urines, which will be furnished the patient.
We have a full and complete set of the skill of other physicians—Why? Because our only experience enables us to recognize the cause of disease.
Patients treated by mail and express. Where possible personal consultation is preferable.
Of questions sent free on application.

All cases and correspondence strictly confidential. Treatment sent C. O. D., to part of the United States and Canada. Address with stamp for reply.

Locating the Tank.

The site for the tank of the Standard Oil Company was located above mouth of the tunnel on yesterday Mr. F. C. Goodwin, a civil engineer of Louisville, who came up for the purpose. It is proposed by the company to keep a large supply on hand in this city, and the council would not permit the tank to be located where there was danger from fire.

The East Tennessee, Virginia & Ohio Railroad Company, the presidents of the Louisville Southern, we understand, in a short time will have a branch line from Waddy Station, upon the

very likely follow the course of South Benson creek to Benson Station, on the L. & N., and thence down the north side of Benson valley, pass through Bellepoint, cross the river at the point of Fort Hill, run along the base of the hill, and connect with the Midland in the rear of the Penitentiary. This will be a great thing for Frankfort and it is to be hoped will be speedily built.

To Build Air Ships.

There has been a great deal said in the papers lately about the location of a large plant, at Mt. Carmel, Ill., for the purpose of building air ships which it is claimed will fly through the air at the rate of 200 miles an hour, and that a company with \$20,000,000 capital had been organized to back the enterprise; but it is not generally known that a former Frankfort boy is one of the projectors of the gigantic scheme. Mr. Richard Butler, of the Mt. Carmel Machine and Pulley Works, who is one of the inventors of the air ship and a incorporator of the company, is a son of the late Edward Butler, the plasterer, who lived here for many years, and was killed by the falling of a wall of the Jimmy Shannon residence. Mr. Butler was born and raised in this city, and left here about ten years ago.

They All Failed.

The following letter from Mr. W. A. Thomson, of Columbus, Wis., is particularly interesting: "My wife," says he, "has been treated for her head, stomach and nervous prostration by three doctors in New York, two in Chicago, one in Philadelphia, one in Cincinnati, and at the large institute at Buffalo for 16 months. They all failed. But one bottle of Dr. Miles' Restorative Nerve helped her wonderfully. This should be used in all headaches, backaches, changes of the nervous disturbances, rheumatism, neuralgia, etc. J. W. MISSISSIPPI SUPREME COURT.

The Elective Proposal Defeated, and the Governor Will Appear.

JACKSON, Miss., Oct. 13.—The elective judiciary scheme received its quietus late Friday afternoon at the hands of the constitutional convention, after an animated debate of several hours duration.

The section as reported by the committee was then adopted after a brief exhibition of filibustering on the part of the defeated side. It reads as follows: "The supreme court shall consist of three judges, and two of whom when convened shall form a quorum. The legislature shall divide the state into three supreme court districts, and the governor, by and with the advice and consent of the senate, shall appoint one judge for each district, provided that the removal of a judge to the state capital during his term of office shall not render him ineligible as his own successor for the district from which he has been removed, and provided further, that the present incumbents shall be considered as holding their terms of office from the date at large, and not for the district in which they are now respectively located."

SLEEP IN PLACE

BY USING

PRATTS KILLER

FOR BED BUGS.

This preparation is superior to all others for the following reasons:

It kills the bugs instantly.

It effectually destroys their eggs, therefore it is almost necessary to use it once or twice during the season.

It possesses advantages over insect powders inasmuch as it can be used in places which they cannot reach.

Its odor is agreeable, and it is warranted not to injure carpets, linen or furniture.

No bad effects can result from its use, as it contains no poison, which fact should give it a place in every household.

Sold in large bottles at 25 cents each.

The Farmers' Alliance is still moving on, and will sweep this county like a tidal wave, carrying before it everything in the shape of trusts and monopolies.

Miss Mabel Johnson is attending the Visitation Academy at White Sulphur. We miss you, Mabel, from our village, and long for your return.

Miss Georga Crutcher, who has been visiting her sister, Mrs. Frank Crutcher, for the past three weeks, has returned to her home in Woodford.

James A. Rankin, who fell from the top of a large tobacco barn he was building for John B. Young, three weeks ago, and had some of his ribs dislocated and his back broken, is, to the joy of his friends, convalescent. With his plaster of Paris jacket on he is now able to sit up some.

Leonard Blythe and James Nutgrass, two of our fun-loving citizens, attended the Lexington races last Wednesday. They were so delighted with what they saw of the races that we would not be surprised if they went into the fast horse business themselves.

Miss Laura Wiggs and Miss Nora O'Connor were the guests of Hattie, Bertie and Annie Tinsley last Monday eve. The boys called; they were serenaded, and all had a pleasant time.

Mrs. Fannie Johnson, who has been in feeble health for several months, is gradually recovering. We hope, Aunt Fannie, to see you out soon.

A Note of Warning.

Editor Roundabout:

It is highly important that men of intellect and business capacity should be selected by the people to manage the municipal affairs of the city of Frankfort for the next two years. It is therefore the duty of the property holders and good citizens to take an active interest in the coming city election, and aid in the selection of men of character and thorough business qualifications for this very important trust.

The gentlemen selected by the people will have no easy duties to perform. The bonded debt of the city now amounts to \$251,000, the annual interest on which amounts to nearly \$15,000. This must be provided for by the Council. It is true that all moneys obtained from licenses are placed to the credit of the Sinking Fund, and are from time to time of use to the Council has authority under the charter to fix the license rates. If the rates are now fixed be reduced materially, as has been suggested

ed by some, a direct tax will have to be levied on the property of the people for Sinking Fund purposes. This increase, with the present rate for school purposes, and an increased rate for revenue purposes, made necessary by reason of a loss of income from other sources, will make taxation very high and exceedingly burdensome for the people.

At the expiration of the present fiscal year there will be a floating debt of nearly \$20,000 to be provided for, \$10,000 of which can be discharged by the present City Council, by issue of bonds authorized by an act of the last General Assembly; but the incoming Council will have to make provision for the balance of the debt, and provide means to pay thereon. The expenses of the city for the months of January, February, March and April, as there will be no funds available for that purpose until the first or middle of May. This is a very serious matter and has been a source of annoyance to every Council for the last ten or fifteen years. If there is no remedy for this evil under the present charter the Council should obtain the passage of the necessary charter amendment so that such a state of affairs may not again exist.

The income of the city for the year 1891 will be \$5,255 less than it was in 1890, and \$7,500 less than it was in 1889, provided the taxable property and the rate of taxation remain as they were in 1889 and 1890, and yet the income of the city for those years from all sources was not sufficient to pay the current expenses. This matter will require, and must receive, the careful and serious consideration of the incoming Council. One of two things must be done: The rate of taxation will have to be increased or there must be a reduction of expenses all along the line. The people do not desire an increase of the present rate, and many of them believe that the expenses of the city can be decreased in such a manner as to avoid any increase of the present tax rate, and not seriously injure the service of any of the departments of the city.

The foregoing are a few of the many and important questions that will have to be considered by the incoming Council. It is not necessary at this time to detail more. The matters mentioned should excite the interest of those who pay the taxes and bear the burdens of government, and induce them to labor earnestly to secure the services of such men to represent them in the Council as will guard their interest and give the people a capable and economical administration of city affairs.

REPORT.

Shaken Out of Gear.
By malarial disease, the human machinery cannot half perform its office. Digestion, secretion, excretion are deranged, the blood becomes watery, the nerves feeble, the countenance ghastly, sleep disturbed and appetite capricious. Terrible is this disease, and its consequences. There is, however, a known antidote to the malarial poison, and a certain safeguard against it. In malarious regions of our South and West, in South America, Guatemala and on the Isthmus of Panama, as well as in transmarine countries where the malarial poison is so prevalent, the people are advised to take Chamberlain's Colic, Cholera and Diarrhoea Remedy, which has, during the last thirty-five years, been successfully vindicated in the case of its usefulness, and demonstrating its sovereign value in the treatment of dysentery, cholera, kidney trouble, rheumatism and debility are all remedied by it.

Educational.

Let every teacher and friend of education be at the Teachers' Meeting at the Forks of Elkhorn this morning, the 18th, as it promises to be a grand meeting.

A number of our schools are putting in patent desks. Let others do likewise; make the children comfortable at school.

Pleasant fall weather.

Fair Crops, good wages and fair prospects, regardless of the high tariff.

We regret to mention the death of Mr. Wm. Gibson, one of our most esteemed and highly respected citizens. Mr. Gibson was truly "amicius humani generis," and many friends and neighbors, both white and colored, wept at his funeral.

The tobacco growers of Fayette have held a meeting with a view to the establishment of a large farmer's tobacco warehouse at Lexington, and Woodford will follow suit on the 18th inst., probably joining Fayette in the enterprise, or inviting Franklin to join her in the establishment of a warehouse at Frankfort.

We tobacco "yaps" are very much amused at the strained efforts of the warehousemen to convince us that they are ready at all times to make any and every personal sacrifice for our benefit. It won't work, however. They tell us that the buyers won't come to Lexington or Frankfort, but we know they will come any where if the tobacco is there.

During the late term of the Woodford Circuit Court, a prominent attorney of Versailles, in an address to a jury, not satisfied with assailing the testimony of a witness, thought proper to impugn the character of a highly respected citizen only two days in his grave, and got his jaws publicly slapped for his pains.

There is quite an interesting meeting in progress at Grassy Springs Church. The meeting is being conducted by Revs. Elliott, Arnold and McGinn. Several have already been added to the fold.

A CURE D KILLED.

Why mothers give their children such deadly poisons is surprising, when they can relieve the child of its peculiar troubles by using Dr. Acker's Baby Soother. It contains opium or morphine. Mr. C. B. Jones, of Springs Hill, Iowa, says: "I have used Chamberlain's Pain Balm for severe and painful burns with better effect than anything else I have ever tried. It relieves the pain instantly, and cures without leaving a scar." Pain Balm is one of the most useful medicines that any family can be provided with, especially for rheumatism, lame back, sprains, bruises, tooth ache, ear ache and like ailments. One application will relieve the pain and a fair trial insure a cure. 50 cent bottles for sale by J. W. Gayle. 4-1m.

A DUTY TO YOURSELF.

It is surprising that people will use a common ordinary pill when they can secure a valuable English one for the same money. Dr. Acker's English pills are a positive cure for sick headache and all liver troubles. They are small, sweet, easily taken, and do not gripe.
J. W. GAYLE, Druggist.

LIKE THE MYTHOLOGICAL BIRD,

1890

OPENING DAYS.
THURSDAY, FRIDAY, SATURDAY,
OCT. 16, 17, 18.

WE HAVE RISEN FROM THE ASHES!

The legends give us a shining example of recuperation from disaster. The symbolic bird representing the spirit of undaunted and undefeated aspirations, spreading its wings amidst the very flames of destruction, illustrates what can be done, and typifies human ascendancy over temporary disaster. On the morning of the 15th of March last we were the victims of fire's remorseless fury. Unflinchingly, before such a calamity, we responded to the peoples' call. It was not for us to repine; thousands of unspoken encouragements cheered us to combat with this dire misfortune. It was the peoples' wish and will that we should rise "Phoenix like" from the ashes of a transitory blight. We've done it. Proudly do we say, we've done it.

TO-DAY, SATURDAY, OCT. 18, AT 10 A. M.

We throw open the doors of our Beautiful New Store. We exhibit our new home; we display our new stock. This beautifully appointed establishment will be the peoples' mart for Clothing; the peoples' emporium for Shoes; the peoples' center for Hats; the peoples' bazaar for Men's Furnishings; the peoples' criterion for Fine Merchant Tailoring. We glory in this. "You glory in it." 'Tis a cementing tie between us as friends and citizens. Instead of being obliterated from your commercial character by the visitation of a misfortune, the "ill wind" of a few months ago has brought us all "good." And now, upon the threshold of an opening autumn, with a summer spent in selling the old stock, and restoring the monument of our industry to the plane of your admiration, we throw open our doors with the same "Welcome" as of yore, and place ourselves in our former attitude—the peoples' faithful, obedient servants.

STRICTLY ONE PRICE TO ALL

The advantages of the One Price Houses are many, as may be gleaned from the following: We have exceptional facilities for buying in large quantities, having two of the largest stores in the State of Kentucky to stock, hence special concessions from manufacturers are received. On placing our goods for sale we add to the cost the closest possible margin of profit, such as will meet current expenses, and sell our garments, hats and shoes at one given price to all. In this manner all customers are treated alike; no cause for complaint ever arises, as is the case with other houses, that will sell a given article for one price to one customer, and higher or lower, the same identical article, to another.
